MARKET NERVOUS AND TRADING IS LIGHTER

Advances in Tin, Copper, Lead, Heavy Movement in Northwest and Absence of Export Demand Cause Declines.

> CHICAGO, Nov. 9 .- The wheat market was nervous all day and the volume of trade was not large. There was a little firmness manifested at the start, owing to the strength of the European markets, to the strength of the European markets, but selling by elevator interests caused moderate declines. This feeling was largely due to a heavy movement, especially in the Northwest, and to an absence of any export demand except for Durum and Manttoba wheat. The market, however, at no time showed any great weakness, support by several of the leading bulls having a tendency to check any general selling.

BUSINESS IS WEAK ON PRODUCE MARKET

As Usual on Monday, Demand for Eatables Is Somewhat Light.

Business was rather weak on the local produce market Monday, and nothing new put in an appearance. Quotations, also, remained very steady. Dealers, nevertheless, exhibited a first class display of eatables, particularly in the fruit line. Grapes were very plentiful and met with as good a sale as any other edible on the market. The delicacy retailed at 10 cents a pound for all varieties. Concord grapes were entirely off the market Monday, the season for this fruit having come to a close. The large green grapes met with the best demand.

the best demand.

There was a very limited supply of California strawberries on the market Monday, but they were not of a very good quality and sold at advanced prices. The demand for this delicacy was very slight. There were also a few watermelons in front of a number of the stands on market row Monday, but they were rather small and of an inferior quality.

THE MICROSCOPIC SPECIALIST

is the only scientific Specialist in Salt Lake City using the microscope to form his diagnosis. He will tell each and every one of you just what your disease is, without any information from you; he will tell you all about your disease better than you can tell it yourself. By the use of the MICROSCOPE we can detect Calcut, Cancerous Matter, Carbonate of Lime, Albumen and all extraneous substances mixed with the Urine or Blood. This is the scientific principle of treating Chronic Diseases and Private Diseases. Just call and see for yourselves.

MEN_A SPECIAL DEPARTMENT FOR_MEN

Drs. Shores maintain a Special Private Department for the benefit of men—who through misfortune, indiscretions or excesses need the services of ABSO-LUTELY RELIABLE AND EXPERIENCED SPECIALISTS. We treat all forms of Contracted disorders. Specific Blood Poison, Prostate troubles, Varicocele Weaknesses and Loss of Manhood. The necessity of this Department, where unfortunate sufferers may come with the assurance of honest dealings and expert treatment—is made plain by the presence in the city of various "Fake Medical Companies" and "Quack Institutes," where cheap hired Doctors and ignorant quacks endanger the health and rob the afflicted for worthless and often dangerous treatment.

For 17 years Drs. Shores have been known as STRICTLY RELIABLE SPECIALISTS. They do business under their own names, and offer you their Expert services on practically your own terms—either DR. G. W. SHORES. Small weekly or monthly payments as the cure progresses or you can arrange to PAY WHEN CURED.

DRS. SHORES PROSTATIC TREATMENT A REAL DISCOVERY.

Shores treatment for this trouble is original and exclusive—it is a LOCAL treatment—and cures where other methods entirely fail, You can have a practical demonstration of this wonderful treatment FREE and see for yourself How it cures, and why other treatments cannot cure.
